

## Electric charging stations

### Airfield Egelsbach (EDFE)

Dear Customers,  
dear Pilots,

we are pleased to announce that we have upgraded our location at Egelsbach Airport with 4 electric charging stations.

To use the electric charging stations, you will need either a TRIWO fuel card or you can pay directly ad-hoc with your EC/credit card.

We issue TRIWO fuel cards only on a person-specific basis. You can download the application forms for these on our website and send them to us at [sekretariat.egelsbach@triwo.de](mailto:sekretariat.egelsbach@triwo.de).

If you do not yet have an account with us, we also require a SEPA mandate (also available on our website).

➔ Do you already possess a TRIWO fuel card?

If so, it is also possible to activate the electric charging station retroactively. For this purpose, we kindly request a short email with your TRIWO card number.

The price is 0,59 € per kilowatt-hour (gross).

The electric charging stations are located in the red-marked area of our parking lot.

If you have any further questions regarding this, please do not hesitate to contact us.
